

Named Scholarship

Pius X High School ~ Pius X Foundation

Eileen Hartmann Memorial Scholarship

Eileen M. Hartmann was a dedicated wife, mother and grandmother. She had a deep faith which guided her in every aspect of her life. She led a life of service, always instilling one of her greatest qualities in those she came across, compassion. As a nurse, mother and friend she was a constant source of love, support and encouragement not only for the sick, but for those who felt they did not have a voice. She had a special place in her heart for women who had been abused and children who had been neglected. By volunteering at safe homes, food kitchens, Right to Life organizations and Catholic Social Services she instilled in her children the true meaning of respect for life.

Eileen was extremely proud that her children all graduated from Pius X High School: John Hartmann '84, Suzanne Sharp '85, Tim Hartmann '86, Cindy Hartmann '88, Cathy Kassel '92 and Barb Hartz '95. She strongly believed in the principles which serve as the foundation from which Catholic education flows: communicating the gospel message of Jesus, building and modeling a community of faith, orienting students to the obligation and experience of service and providing students with the opportunity for growth in prayer. Her family believes that Pius X provides all of these principles and more, which is why they created the Eileen Hartmann Memorial scholarship - to continue her legacy. Eileen's generous spirit, devoted friendship, devoted faith in God and noble character leaves an even greater legacy.
