

# Named Scholarship

Pius X High School ~ Pius X Foundation

## R. Scott Wickham Memorial Scholarship

Scott Wickham graduated from Pius in 1967 as a football letterman proud of his Thunderbolt team. His passion was photography, and he loved taking pictures of people and nature. He had a knack for making even a simple landscape look absolutely breathtaking. After graduation he attended graphics design school and succeeded in designing a logo for his sister's company.

Scott's love and compassion was evident by his love for his nieces and nephews with his frequent gifts and pictures. When the family gathered together, it was always Scott who made sure there were plenty of pictures taken and they were shared with the rest of the family.

Some of Scott's best memories were of Pius X as he frequented athletic games and other functions, long after he graduated, whenever he was able. He was a loyal friend to all who knew him, a compassionate and loving man and dearly loved by his family.

Due to a heart attack, with complications from diabetes, Scott was returned to our Heavenly Father to be with his mother, Patricia, and brother, Bill, on February 3, 1995 at the young age of 46.
